EDUCATION

NOVEMBER 2019 – FEBRUARY 2020

CERTIFICATE IN DIGITAL MARKETING, GOOGLE OPEN UNIVERSITY (ONLINE)

I pursued a four months digital marketing certification program for Africa offered by Google LLC

JULY 2019 – FEBRUARY 2020

PROFESSIONAL DIPLOMA IN WEBSITE DEVELOPMENT, NATIONAL INSTITUTE OF INFORMATION TECHNOLOGY(NIIT Ghana)

I went through rigorous training in the building of robust applications for mobile and desktop.

SEPTEMBER 2016 – AUGUST 2018

INFORMATION TECHNOLOGY (I.T), GHANA COMMUNICATION TECHNOLOGY UNIVERSITY (GCTU)

Followed my passion in a core of prototyping and web development.

SKILLS

- Communication
- Git
- Front End Frameworks
- Critical Thinking
- Problem Solving
- C#
- C++
- Visual Basic
- Javascript Libraries(JavaScript, JQuery, AngularJs)
- PHP, SQL
- Microsoft office suite
- DNS Management
- HTML5, CSS3 and Bootstrap
- Python
- PostgreSQL

ACTIVITIES

To more equip my skillset, I undertook online courses in all the programming and web programming languages which was mapped in the study I pursued at NIIT, and I acquired a certificate for each. Starting off with PHP, HTML5, CSS3, JavaScript, and SQL.

It has always been my passion to give back to the society, so for the educational sector, I developed a web app to curb the inadequacy of learning resources in most schools. This Web app features an Online Dictionary (Science and English), a Quiz section (for objectives), and subject textbooks. To control the usage of the web app, I built a standard Web Browser.
